OFFICE OF THE CENSUS SUPERINTENDENT IN MYSORE,
RACE VIEW, HIGH GROUND,

Bangalore, dated.....30th June..... 193 2.

M. VENKATESA IYENGAR, Esq., M.A.,
Census Superintendent in Mysore,
Bangalore.

To N. Madhava Rao, Esq., B. A., B.L.,
Chief Secretary to the Government of Mysore,
Bangalore.

JULY 1932

Sir,

1) With reference to Government Order No.4450/C.B. 156-31-1 da the 27th June 1932 appointing me as Comptroller to Government with effect from 1st July 1932, I have the honour to make the following proposals for the conduct of work in the Census Department till it wound up:-

2) So far, the second part of the report that is, the ~~volume~~ volume of Imperial and Provincial Tables has been printed and issue About three quarters of Part IV the Talukwar Tables and more than h of part V the Village Tables has been printed. The rest is in the Press and proofs are awaited. Of Part I the Report proper, the mar all script copies of/the chapters have been submitted for approval of Government. Copies have also been sent to the Census Commissioner India for favour of suggestions if any. Government have communicat approval of six chapters and instructions regarding the other chapt are awaited: so also are the suggestions of the Census Commissione on the whole of the Report. Part III the Administrative Report has been partly drafted. The small portion remaining will be prepared shortly. This part can, however, be completed only when the office is actually wound up. Of the Kannada Report about half is ready i draft and the rest is being prepared.

3) The work that remains to be done is thus completion of printing of Parts IV and V; seeing part I through the Press after instructions are received from Government and the from the Census Commissioner regarding the matter pending with them; ~~thus~~ final preparation of the Administrative Report a little before the office

received in three to four weeks. In the meanwhile the records of the Census which are of a routine nature and might be destroyed are being separat from those that should be preserved; and furniture received from vari offices is being returned, and action taken regarding the disposal of furniture as was/purchased newly. I think that altogether work connected wi parts IV and V will be finished by the end of July 1932 and that conne with parts I and II will have made good progress by the end of Septem I expect that it may be possible to wind up the office about the 15th October 193

5) Mr. Nagappa, my Assistant, will have to continue in the De ment till it is finally wound up. The permanent and the Piece-work e blishments provided for in the budget will be disbanded from time to t as the work makes progress. The Office may continue in the present b till the records are all disposed of and the greater part of the establi is disbanded when it can be moved into any one or two rooms which can made available in the Public Offices buildings.

6) Mr. Nagappa will carry on the work of the office under my general supervision. Correspondence with the Census Commissioner for Government will be dealt with and signed by me Mr. Nagappa w deal with all other cases himself, taking my instructions in cases of necessity

7) As I shall be in Bangalore the whole time I believe that arrangement will cause no inconvenience.

8) I have the honour to request that early orders of Governme kindly be obtained on these proposals.

Proceedings of the Government
of His Highness the Maharaja of Mysore.
